

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

The Commonwealth of Massachusetts.

OFFICE OF CONTROLLER OF COUNTY ACCOUNTS,
8 BEACON STREET, BOSTON, Jan. 15, 1914.

To the Honorable Senate and House of Representatives.

In compliance with the provisions of section 1 of chapter 211 of the Acts of 1905 I have the honor to present the twenty-seventh annual report of this office, covering the year ending Dec. 31, 1913.

STATE RESERVATIONS.

The six State reservations, Deer Hill, Greylock, Mount Everett, Mount Sugar Loaf, Mount Tom and Wachusett, including in all about 12,500 acres of land, were carried by the Commonwealth in 1912 at a total valuation of \$215,679.14. For their maintenance the counties have expended about \$200,000. Three of the reservations are controlled by commissions appointed by the Governor; two by commissions made up of the county commissioners of the counties where the reservations are situated; and the other by a commission of the two boards of county commissioners of adjacent counties.

Five of the reservations are supported by appropriations made with the approval of the county commissioners, and in the case of the sixth, the commission, appointed by the Governor, estimates the amount necessary for maintenance, and under the provisions of the act establishing the reservation this amount must be included in the annual estimate of the county commissioners, whether they approve or not.

The revenue derived from the reservations is very small, although they could be made of great value in forestry. Some of these reservation commissions formerly rendered no account of their expenditures to the county treasurer. In

several instances the expense of maintenance was paid from the miscellaneous appropriation. We now require a separate item in the annual estimate of receipts and expenditures made by the county commissioners and a report of the commission's receipts and expenditures is filed with the county treasurer.

It would seem as if there should be a general law relative to these reservations, providing for a uniform manner of making appropriations for their maintenance and development along economic lines.

BERKSHIRE REGISTRY OF DEEDS.

In the reports of this office for the years 1912 and 1913, attention was called to the appropriations and expenditures made for copying certain records in the registry of deeds in the middle Berkshire district. In 1908 and 1910 appropriations amounting to \$3,500 were made by the Legislature. The treasurer paid out \$517.40 more than this amount. In 1912 a further appropriation was made by the Legislature, and with the advice of the Attorney-General the treasurer was allowed to use \$517.40 of it to set off against his overpayments, provided the work be completed within the appropriation of 1912.

This work has not yet been finished, although some little progress has been made during the year. The treasurer is still within the appropriation, and the work can be finished with the funds in his hands.

PROBATION OFFICERS' ACCOUNTS.

A great deal of time has been spent in getting the accounts of probation officers in shape. Many of these officers have been instructed several times, and further instructions are necessary. There is the same lack of uniformity in the interpretation of the probation laws by the courts, and this makes it very difficult to obtain uniform results in accounting by the probation officers.

MEDICAL EXAMINERS.

Section 4 of chapter 24 of the Revised Laws provides that "if he (the medical examiner) fails for thirty days after appointment to give such bond, his appointment shall be void."

Under the present law a medical examiner may qualify at any time within three months after his appointment. The result of this has been that the medical examiner very often assumes that he can file his bond when he qualifies, sometimes two months or more after his appointment. In this case his appointment is void and he has to be reappointed. This occasions trouble in the executive offices, the office of the Secretary of State and the controller's office. The suggestion is therefore made that the time within which he may file his bond be made the same as the time within which he may qualify.

LAW LIBRARIES.

The management of law libraries is in the hands of committees of law library associations, committees of bar associations, and in some cases is intrusted to individuals connected with these associations. Salaries are paid to treasurers, custodians, librarians and clerks, amounting to considerable sums. The total appraised value of the books in these libraries is about \$500,000. Appropriations for the support of the libraries are made in many ways. Some are charged to general taxation, items therefor being included in the county commissioners' annual estimate; some are supported by the many acts of special legislation passed in different years; others receive the \$2,000 or a less amount under the general law, and also such further amounts as the county commissioners see fit to allow them under the same general law; and in some counties the treasurers were accustomed to pay library expenses from unexpended balances.

All these libraries should be incorporated and the appropriations for their support made in the same manner. Where there is more than one library in a county each should have its separate appropriation in the commissioners' estimate,

charged to general taxation. Clerks of courts fees should go into the general income of the county.

The foregoing recommendation has been made before by this office, but the proposed legislation has been very strenuously opposed by bar associations established and receiving their support under the provisions of special acts of the Legislature. The contention of these associations has been that they are sure of the amounts fixed by these acts, and fear that the commissioners might reduce their allowance in case they had authority over the appropriations.

OFFICE SALARIES.

The salaries of the controller and the first and second deputies remain to-day as they were when these positions were established. The work has increased threefold. The additional duties imposed upon the office by the provisions of chapter 35 of the Acts of 1911 in connection with the probation offices has further increased the work to be done. The salaries of the deputies average \$500 less than the salaries of other employees of the Commonwealth whose duties are of a somewhat similar nature, but not nearly so important.

There is urgent need of an additional deputy. The work is increasing rapidly; new legislation will probably place further responsibilities on the office; and further than this, it is advisable that more than one examination of many offices be made each year.

BONDS OF JAILERS, MASTERS AND KEEPERS.

Under the provisions of section 1 of chapter 23 of the Revised Laws a sheriff is required to give bond for the faithful performance of his own duty and be responsible for the official acts of his deputies.

Section 16 of chapter 224 of the Revised Laws permits the sheriff to act himself, or by his deputy, as jailer, master or keeper.

The law, however, requires no bond of the sheriff in his

capacity of jailer, master or keeper, if he so acts, and no bond is required of a jailer, master or keeper appointed by the sheriff. Such bonds should be required by law.

MANUFACTURING DEPARTMENTS OF HOUSES OF CORRECTION.

Under the law the controller's office has no authority over the manufacturing departments of houses of correction. An examination of the accounts of the master of the East Cambridge House of Correction, made in connection with the accounts of the superintendent of the manufacturing department of the house of correction, March 31, 1913, showed that a shortage of \$37,814.67 and a doubtful shortage of \$598.36, existed. The bookkeeper, who had held this position for about twenty-five years, had failed to account for certain checks sent to him by the superintendent of the manufacturing department. His failure to account for these checks began in 1888 and continued up to about the time of the examination.

The Attorney-General has ruled that the accounts in the manufacturing departments of houses of correction are under the jurisdiction of the Prison Commission.

This office is willing to undertake the installation of a proper system of accounts in these departments, and suggests an amendment to the law which will place these accounts under its supervision.

I recommend therefore the passage of the following bills: —

AN ACT RELATIVE TO BONDS OF MEDICAL EXAMINERS AND ASSOCIATE MEDICAL EXAMINERS.

Be it enacted, etc., as follows:

SECTION 1. Section four of chapter twenty-four of the Revised Law is hereby amended by striking out the words "thirty days", in the fifth line thereof, and substituting therefor the words: — three months, — so as to read as follows: — *Section 4.* Each medical examiner and associate medical examiner shall, before entering upon the duties of his office, be sworn and give bond for the faithful performance thereof, in the sum of five thousand dollars, to the treasurer

OPINIONS OF THE ATTORNEY-GENERAL.

Certain Fees of Registers of Deeds.

By reason of a difference in construction placed upon the provisions of section 25 of chapter 502 of the Acts of 1912 by registers of deeds, the Attorney-General's opinion was asked as to whether the minimum charge established by this section related only to instruments "drawn in accordance with the provisions of the act," or applied to all instruments, however drawn. The opinion is as follows:—

DEPARTMENT OF THE ATTORNEY-GENERAL,
BOSTON, May 1, 1913.

FRANK L. DEAN, *Controller of County Accounts.*

DEAR SIR:—Section 25 of chapter 502 of the Acts of 1912, entitled "An Act to shorten the forms of deeds, mortgages and other instruments relating to real property," provides as follows:—

Fees for recording instruments drawn in accordance with the provisions of this act shall be the same as those now required by law, but in no case shall the charge for recording a deed or conveyance be less than sixty-five cents, and in no case shall the charge for recording a mortgage be less than one dollar and twenty-five cents.

You inquire "whether the minimum charge established by this section relates only to instruments 'drawn in accordance with the provisions of this act' or applies to all instruments whether drawn in accordance with this act or otherwise."

The fees for recording instruments, now required by law, are established by R. L., c. 204, §29, as amended by St. 1908, c. 365, and are as follows:—

The fees of registers of deeds shall be as follows:—

For entering and recording a deed or other paper, certifying the same on the original, and indexing it, and for all other duties pertaining thereto, twenty-five cents. If it contains more than one page, at the rate of twenty cents for each

page after the first: *provided, however*, that if the deed or other paper contains the names of more than two parties thereto, other than the husband or wife of the grantor, or grantee, an additional fee of ten cents each shall be charged for indexing the names of additional grantors or grantees or other parties thereto. The fees shall be paid when the instrument is left for record.

For all copies, at the rate of twenty cents a page.

For entering in the margin a discharge of a mortgage, twenty-five cents.

For entering a discharge of an attachment or of a lien on buildings and land, if such discharge is certified by them, twenty-five cents.

For entering a partial release of an attachment, twenty-five cents

The language of section 25 warrants a conclusion that the Legislature intended to establish minimum recording charges for deeds and mortgages which should be uniform in application, and in my opinion the provision to which your inquiry is directed should be construed to apply to all deeds and mortgages, whether or not they conform to the provisions of St. 1912, c. 502.

Very truly yours,

JAMES M. SWIFT,
Attorney-General.

Dog Damages.

An interesting question, involving the interpretation of the dog damage laws, arose in connection with certain payments made by the treasurer of Worcester County. A tame deer had been killed by dogs, and it became necessary to interpret the words "domestic animals." The law and facts appear in the opinion.

OFFICE OF THE ATTORNEY-GENERAL,
BOSTON, MASS., Jan. 29, 1913.

FRANK L. DEAN, Esq., *Controller of County Accounts.*

DEAR SIR:— You have submitted for my consideration certain items which appear in the accounts of the treasurer of Worcester County as follows:—

Paid to C. D. Richardson for one deer killed by dog, ...	\$35 00
Paid C. H. Allen, selectman, ...	1 40
Paid E. K. Haskins, appraiser, ...	1 40
Paid J. E. Malloy, ...	1 40

and you state that these payments were made under the provisions of R. L., c. 102, § 151, as amended by St. 1903, c. 100, St. 1904, c. 283, and St. 1911, c. 392, which section so far as material, provides that "whoever suffers loss by the worrying, maiming or killing of his sheep, lambs, fowls or other domestic animals by dogs . . ." may be compensated therefor in the manner provided therein; and you inquire whether the animal in question may be treated as a domestic animal

within the meaning of the statute. It is further stated that the deer in question "was as tame as any domestic animal . . . and was used as an aid in the taming and training of other deer owned by Mr. Richardson," who apparently was engaged in the business of "taming and selling deer" for purposes not set forth, and was taxed as property by the assessors of North Brookfield, within whose limits it was kept.

It may be doubted whether the term "domestic animals" in the provision above cited was intended to include animals which are wild by nature even when held in captivity. See *Osborne v. Lenox*, 2 Allen, 207. There is, however, some authority for the proposition that a deer when reclaimed and domesticated ceases to be a *feræ naturæ*. 2 Kent's Com. 348, 349. See *Spring Co. v. Edgar*, 99 U. S. 645, 653. In this case the payments were undoubtedly made in good faith, and the question as to their validity may be tested in a suit in behalf of the county to recover therefor from the owner of the dog which caused the damage. See R. L., c. 102, § 155, as amended by St. 1904, c. 142, St. 1907, c. 241, and St. 1910, c. 392. Upon all the circumstances, therefore, I am of the opinion that you are not required to disallow the items referred to in your communication.

Very truly yours,

JAMES M. SWIFT,
Attorney-General.

Police Officers and Witness Fees.

In view of recent agitation relative to the right of police officers to witness fees, we have obtained an opinion relative to the proper interpretation of sections 42 and 44 of chapter 204 of the Revised Laws. The opinion of former Attorney-General Knowlton, rendered several years ago, has been considered in connection with these laws. The opinion now rendered makes it plain that unless the officer is one hired solely for night duty he is not entitled to witness fees for testifying in criminal cases in the lower courts.

OFFICE OF THE ATTORNEY-GENERAL, Jan. 1, 1914.

FRANK L. DEAN, Esq., *Controller of County Accounts.*

DEAR SIR: — Under date of December 19 you made inquiry of this department by the following letter: —

I enclose herewith a requisition sent for approval by me under the provisions of section 48 of chapter 160 of the Revised Laws, and a letter explaining the requisition.

The question involved is whether police officers, assigned to night duty, are entitled to a fee for testifying in court during the hours not covered by their assignment to duty. An opinion relative to this matter was given a former controller by Hosea M. Knowlton when he was Attorney-General, the opinion being dated Sept. 15, 1898.

As there is an apparent inclination on the part of a police organization to force the matter, and as the question arises occasionally, I wish to ask your opinion as to whether I ought to allow this requisition. It involves future payments and perhaps back payments in many courts.

The opinion of former Attorney-General Knowlton to which you refer (1 Op. Atty.-Gen. 597) applies only to special police officers, and has no particular application to the precise inquiry involved here. It does not appear from the inquiry or from the statement of the clerk of the court, which you enclosed, as to the particular employment these officers are engaged in; that is, whether they are paid by salary or *per diem*, or if paid by salary just what the employment covers. The ordinary police employment, however, is, as I understand it, on the basis stated in the language of the Supreme Judicial Court in the case of *Sackett v. Sanborn*, 205 Mass. 110, to which I direct your attention for fuller consideration. The court in that case stated:—

The object of the statute is to provide that officers who receive compensation for their services by salary or otherwise, and attend court in the discharge of duties which they are thus paid to perform, shall not receive further compensation by way of witness fees, but that any expenses necessarily and actually incurred or disbursed by them in the performance of such duties in attending court in criminal cases shall be reimbursed to them.

The provisions of section 44 of chapter 204 of the Revised Laws also appear significant in this connection, wherein it is provided that:—

A police officer on duty at night who attends the superior court as a witness for the commonwealth shall be paid the same fees as any other witness.

Except in cases where employment of the officer is limited specifically to night work I think your inquiry should be answered in the negative.

Very truly yours,

JAMES M. SWIFT,
Attorney-General.

TABULATIONS.

The material portions of the annual returns made to this office, compiled in tabular form, under the provisions of section 49 of chapter 21 of the Revised Laws, follow.
